Southampton Town Clerk Awarded New York State Records Management Grant

Southampton Town Clerk Sundy A. Schermeyer is pleased to announce the Town has been awarded funding of \$11,771 through the New York State Local Government Records Management Improvement Fund (LGRMIF) within the State Education Department. This grant is important to our local government because it will be used to improve local record management systems, which in turn, are used to better serve the public. Grants were awarded across the state as well as surrounding Towns/Villages to support, promote and recognize sound archival and records management practices, as well as encourage creative and valuable uses of archival records.

During Town Clerk Sundy Schermeyer's four years in office, she has received three grant awards totaling over \$77,000 for equipment and staff from the NYS Department of Education for applications submitted. Equipment purchased included an Archive Writer for Microfilm and an Electronic Oversized Map Scanner. All of the grants have been used to improve the organization of the Town's Archives and increase internal and public access through ongoing digitization projects.

For additional information, please contact the Town Clerk's Office at (631) 287-5740.
